## Fraternal Brotherhood

On August 7 Maricopa Lodge No. 47 held their regular business session in the K. of P. hall and many interesting topics were discussed. Several of our sick members were reported to be improving and Brother E. Polak was there and spoke for himself. It seemed like old times to have Brother Albert Hanson with us again. Early in the spring he located in Chandler and reports business good.

Our next regular business meeting will be held August 21 at the regular hour of 8 p. m. at the K. of P. hall.

JEANETTE RILEY, Secretary.

## Maricopa Hive No. 4

The Women's Benefit association held its social evening Tuesday evening and even though the evening was warm all reported a delightful time. The Sewing club met at the home of Mrs. Ella Hill which closed with a dainty refreshment. All plans are completed for an afternoon with Mrs. Jane Funk madam president. This occasion with "towers" any size, any style, any kind of work will be accepted, but it must be a "tower". For particulars or suggestions phone Mrs. Funk 9672. The first annual picnic of the Women's Benefit association Aug. 15. Particular featuring children's day. Be on hand at noon.

## Moose Lodge

The most enjoyable event of the season at the Moose Home was the ice cream social and dance given by the entertainment committee of the Moose lodge Thursday evening, Aug.

12, 1915. A large and enthusiastic crowd was present and praised the manner in which the entertainment was carried out. Ice cream and cake was served all evening and every one remained until "Home, Sweet Home" was played at midnight. As we predicted the entire crowd agreed with us that the Moose Home with its large electric fans running at full speed is the coolest spot in Phoenix and it is the wish of all present that another entertainment and dance be given in the near future.

The Moose lodge wishes especially to thank the ladies who donated so many beautiful cakes, thus adding so much to the pleasures of the evening. We want you all to come again and bring your friends with you as we wish to show you that every succeeding entertainment will be even better than the last. Our aim is to give the best that's going.

## Modern Woodmen of America

Phoenix Camp No. 11462 met in regular session last Wednesday evening at which time various business problems were solved to the entire satisfaction of the members present after which all members and the Royal Neighbors enjoyed a most delicious feast of melons.

It is with regret, Neighbors, that we must say the attendance was much smaller than we expected, and hope that our future meetings will be better attended as we are making vigorous strides toward a greater membership, owing to which, some time ago we chose sides, the losing side to dine the winners. Remember that all of us are on one side or the other, either with Neighbor Seidel or Neighbor Lavin as captain.

Try to join us at our next meeting with an application for a new member as the time for that dinner is drawing close.

Thoughts from the Castle Hall  
Thoughts are little things, don't overlook these little things.  
"Push!" is a good motto for the front door of a lodge room.

Be an example to the lodge, not a problem.  
What the lodge stands most in need of is not so much skill as "will". When you start to boast, don't stop with the "ho."

Be a live one and your lodge will never be a dead one.

Great men have purposes and many married men have sweethearts. Good roads lead not only to town but also to the lodge hall.

Speak well of your lodge and think well of yourself.

It always has been the policy of the author to extend courteous treatment to every human being—even book agents.

Let your criticism drop—be constructive.

What some lodges need badly isn't new lessons in tango steps, but new "boosters".

He is an untiring worker with a great capacity for doing things who makes his lodge his pleasure and his pleasure his lodge.

A business block on the main street is a better monument to a lodge than a stone in the cemetery.

It improves the soup to throw a little pepper into it! and it is the same with a lodge.

C. R. BERNETZKE.

## Odd Fellows

Phoenix lodge No. 2 had a good meeting at the last session; much interest is being displayed by the stay-at-home members and those who failed to come up don't know

## COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look Young! Common Garden Sage and Sulphur Darkens So Naturally No One Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known down town druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking a strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

## Trout Eggs for Japan

In response to a request received from the Japanese government the United States bureau of fisheries forwarded to Kobe, Japan, a shipment of 100,000 eggs of the rainbow trout from its hatchery in California. The eggs arrived in excellent condition, with a loss of only 3 per cent, which is considered a very good result in view of the long journey and the different conditions under which the eggs were handled. When hatched the resulting fry will be used in stocking waters in the province of Hyogo, of which Kobe is the principal city.
